Hi Eric and Alan

Hope you are both well!

I'm conscious that we are approaching the end of the 90-day technical review period for our OX5034 *Aedes aegypti* EUP.

I thought it might be helpful to arrange a brief call sometime in the next couple of weeks to see if there's any additional data needs you might have identified that we can respond to.

We've also recently completed our first field trial of OX5034 and can share some brief updates on our results with you, if helpful. Let us know!

Kind regards

Nathan
